

MEDIA PACK FINN MASTERS MAGAZINE 2016

International
Finn
Association

Following the success and positive response of the first two editions of FINN MASTERS MAGAZINE and YEARBOOK, the third edition will be published in January 2016.

The magazine is primarily funded through advertising.

Advertising is available both for commercial as well as general interests, such as non-sailing related companies, clubs, events and Finn Masters' own companies.

We welcome all support to produce a bigger and better Masters Magazine for Finn sailors in 2016.

The official magazine of the Finn World Masters is published annually at the start of the year and distributed free of charge to every Finn Master who has attended recent events as well as bulk copies to National Finn Associations. In addition, an extended e-version can be read online or downloaded.
